An ultra-fine linen with a deep understanding of the true nature of its complexity, Insight is not just another linen. It was fashioned after the finest European linens and the craft that makes them come to life. Insight has a pallet of colors that are rich, complex and useable on any project. Insight is now being brought back into the spotlight with the introduction of three new harmonious colors inspired by nature. **Urban** takes comfort in the warmth of a stone foundation, **Citrus** basks in the light like a sun-ripened clementine, and **Cactus** softens and soothes in a pastel green shade.
